This course surveys core U.S. legal doctrine in key areas tested on the Uniform Bar Exam (UBE) which will be administered in New York starting in July of 2016. Core subjects will be reviewed and analyzed and then serve as the foundation for practical application on all components (MBE, MEE, and MPT) of the UBE. Periodic exams throughout the semester and a final exam test students' knowledge and skills toward success on the UBE. This is a graded, two credit course intended for graduating students who wish to jump start their bar exam preparation. It is not a substitute for a full bar review course. If you have additional questions, please contact Cynthia Juco in the Office of Student Affairs: [cjuco@fordham.edu](mailto:cjuco@fordham.edu).
