LINGUISTICS (LING)

LING 1100. Introduction to Linguistics. (3 Credits)
An introduction to linguistics, the study of language. The course surveys
the core domains of theoretical linguistics including phonology, syntax,
and semantics as well as select areas of applied linguistics. Taught in
English.
Attributes: CLAS, COLI, ENGL.

LING 1500. Introduction to Psycholinguistics. (3 Credits)
An introduction to psycholinguistics, also called the psychology of
language. The course focuses on how the mind and brain acquire and
process language across the lifespan and in different populations. Taught
in English.
Attribute: SSCI.

LING 2025. "You talk like a ____": Language, Identity and Stereotype. (4
Credits)
What does it mean to "talk like a ____?" Can you tell where someone is
from by listening to them? Can you guess their race, ethnicity, gender,
or social class? This course will explore how language is used in the
creation of identity and social difference. Through a variety of linguistic
anthropological and sociolinguistic texts, we will look at how ways of
thinking about language (language ideologies) affect ways of thinking
about people who speak language. We will analyze how language
and linguistic difference intersects with authority, power, identity, and
performance. Four-credit courses that meet for 150 minutes per week
require three additional hours of class preparation per week on the part of
the student in lieu of an additional hour of formal instruction.
Attribute: MLL.

LING 3007. Spanish Linguistics. (4 Credits)
This course focuses on the linguistic study of the Spanish language. The
course discusses the formal domains of language structure - including
speech sounds and their mental representations, sentence structure
and semantic meaning, as well as social realities of language use and
language change across different varieties of Spanish in the world.
The course is taught in Spanish. Four-credit courses that meet for 150
minutes per week require three additional hours of class preparation per
week on the part of the student in lieu of an additional hour of formal
instruction.
Attributes: ASSC, LALS.
Prerequisite: SPAN 2001.

LING 3015. Language and Thought. (4 Credits)
This course discusses theories and research in the study of language
from a cognitive science perspective. The course elaborates on
contemporary issues in the relationships between language and thought,
including linguistic relativity and embodied cognition, among other areas.
Four-credit courses that meet for 150 minutes per week require three
additional hours of class preparation per week on the part of the student
in lieu of an additional hour of formal instruction.
Attributes: ICC, NECG, NEUR.

LING 3607. Topics in Multilingualism. (4 Credits)
This course discusses the historical and contemporary underpinnings
of multilingualism in the globalized world. The course content includes
discussion of empirical social and cognitive research on multilingualism
as well as multilingual language education and policy. Four-credit
courses that meet for 150 minutes per week require three additional
hours of class preparation per week on the part of the student in lieu of
an additional hour of formal instruction.
Attributes: ASSC, GLBL.
