MARKETING INTELLIGENCE (MIGB)

MIGB 6710. Customer-Driven Marketing. (3 Credits)
This course introduces students to marketing both as a company orientation and as a company function, and emphasizes why and how successful marketing needs to be customer-driven. Interactive class discussions focus on the role and importance of marketing for the entire organization, individuals and society at large. Students learn how marketing interacts with other business functions within a company, as well as how marketing contributes to both the company bottom-line and customers’ well-being. Topics covered include the strategic marketing process; the creation, communication, delivery and exchange of value; market segmentation, targeting, and positioning; and the marketing mix. Lectures, comprehensive case analyses, in-class exercises, and team projects are used to provide a complete understanding of customer-driven marketing practices within a global framework.

MIGB 7720. Consumer Behavior. (3 Credits)
Analyzes the latest social science research and theories to better understand consumer behavior. Special attention is directed to applications in managerial decision-making. Topics including motivation, learning, memory, perception, attitude formation and change and decision-making are covered to explain and predict how consumers behave in the marketplace.

MIGB 7732. Data Driven Mktg Decisions. (3 Credits)

MIGB 8701. Marketing Analytics. (1.5 Credits)
This course exposes students to a variety of marketing metrics, including those related to brand performance in-store (e.g., Nielsen measures used in CPG/brand management) and online, and the use of those marketing metrics in marketing decision-making. The course will cover basic data manipulation and analysis of secondary data from syndicated sources such as Nielsen and IRI.

MIGB 8702. Exp Career Dev Portf I. (0 Credits)
MIGB 8703. Reveal Consumer Insights. (1.5 Credits)
MIGB 8704. Qualitative Research. (1.5 Credits)
MIGB 8705. Applied CRM. (1.5 Credits)
Customer Relationship Management (CRM) is the strategic process of selecting the customers a firm can most profitably serve and of shaping the interactions between a firm and their customers. The goal is to optimize the current and future value of the customers for the company. This course introduces students to CRM strategy, teaches the range of metrics used for customer analytics and includes applied, hands-on usage of a real-world CRM system. Students in this course will gain experience in the strategies of and application of CRM for business and marketing effectiveness.
