

# EXECUTIVE M.B.A.

## Accelerated Format for Experienced Professionals

- 22 months, one three-day weekend per month
- Designed for mid-range professionals on the leadership track
- Cohort format: students complete program together
- Applicants must have seven years of work experience

## Choice of Campus

- Lincoln Center location: start in September
- Each cohort designs its own "international capstone" week abroad

## International Capstone

Each 22-month Executive M.B.A. experience concludes with an international capstone trip, the culmination of an in-depth, consulting-style business project. The students in the Executive M.B.A. cohort collaborate to choose the country they'll focus on, and the business problem their consulting work will solve. Then, once their consulting work is done, they get on a plane. In addition to presenting their project on site, they benefit from cultural events and lectures on how to do business within their country of choice.

## Focus on Management and Strategy

- E.M.B.A.s complete a full concentration in management systems
- Additional courses in finance and business communication
- Discussion of current ethical issues in business

Interested in our Executive M.B.A.? The associate dean is happy to meet with you to discuss the program. Meetings can be set up at a location convenient to your office. Contact Francis Petit through email ([petit@fordham.edu](mailto:petit@fordham.edu)) or phone (212-636-7429) to arrange a personalized information session.

To learn more about the Executive M.B.A., visit the Fordham website.

## CIP Code

52.0201 - Business Administration and Management, General. You can use the CIP code to learn more about career paths associated with this field of study and, for international students, possible post-graduation visa extensions. Learn more about CIP codes and other information resources.

## Requirements

Executive M.B.A. (E.M.B.A.) students proceed through all of these courses together during their 22 months in the program. Experience-based, team-oriented projects are featured throughout.
