

PROFESSIONAL M.B.A.

The Gabelli School's Professional M.B.A. is designed for people who plan on keeping their jobs while they go through school. This program provides you with a next-level credential that will capitalize on your work experience—not duplicate it. It can be finished in as little as two years, six trimesters. Classes meet after work or on weekends, and the Gabelli School's class schedule allows you to make the most of your time at our Columbus Circle campus by taking two courses in the same evening.

Program Overview

The Professional M.B.A. program is ideal for individuals with three to seven years of work experience who seek a well-rounded, upper-level business education while maintaining a full-time job. Please note: this program is limited strictly to a part-time plan of study.

The new curriculum includes a slate of core courses to build a strong foundation across all business disciplines and electives that offer a choice of courses targeted to your interests.

Professional M.B.A. students can choose among seven primary concentrations as a focus for their studies, and can specialize the degree further with a secondary concentration.

One-on-one meetings with graduate academic advisers will be indispensable as you make decisions about whether to pursue a concentration or secondary concentration, and if so, which. Our advisers offer special expertise in navigating requirements and ensuring that your academic program matches your post-M.B.A. plans. The deadline for full-time M.B.A. students to determine your selected concentrations and notify your academic adviser of your selections is the end of the add/drop period for the fall semester of your second year of the full-time M.B.A.

program. Consult your adviser for your deadline if you are completing the Professional M.B.A. program.
