PROFESSIONAL MBA

The Gabelli School’s Professional MBA is designed for people who plan on keeping their jobs while they go through school. This program provides you with a next-level credential that will capitalize on your work experience—not duplicate it. It can be finished in as little as three years, nine trimesters. Classes meet after work or on weekends, and the Gabelli School’s class schedule allows you to make the most of your time at our Columbus Circle campus by taking two courses in the same evening.

Program Overview

The Professional MBA program is ideal for individuals with three to seven years of work experience who seek a well-rounded, upper-level business education while maintaining a full-time job. Please note: this program is limited strictly to a part-time plan of study; Professional MBA candidates may take a maximum of two classes (six credits) per term.

The new curriculum includes a slate of core courses to build a strong foundation across all business disciplines and electives that offer a choice of courses targeted to your interests.

Professional MBA students can choose among seven primary concentrations as a focus for their studies, and can specialize the degree further with a secondary concentration.

Requirements

The Professional MBA is a 52-credit program. Professional MBA students take two courses per trimester. The Gabelli School offers three terms each year—fall, spring, and summer—to enable your progress.

One-on-one meetings with graduate academic advisors will be indispensable as you make decisions about whether to pursue a concentration or secondary concentration, and if so, which. Our advisors offer special expertise in navigating requirements and ensuring that your academic program matches your post-MBA plans.

Students who wish to pursue two primary concentrations must complete 58 credits.

There is also an additional Orientation Bootcamp that takes place at the start of the program.
