MANAGEMENT (M.S., ON CAMPUS AND ONLINE)

The M.S. in Management program is ideal for recent graduates and early-level professionals who believe that business can be part of the solution to many of today's problems and are looking to enter or move up in a business management career to help make a positive impact on the world. The M.S. in Management can be completed in one-year as a full-time program offered on campus or it can be completed online in either one year or 15 months.

Students are exposed to a strong foundation in business fundamentals (including finance, statistics, marketing, and accounting). This foundation, in combination with unparalleled access to insightful industry leaders through guest speaker events and corporate site visits from companies that are on the cutting edge, provides students with the practical training and industry connections needed to face global challenges and be successful in their future careers.

Corporate Visits

On-campus program students may attend corporate visits as an overlay to classroom work; online program students will visit firms as part of their residency requirement.

Recent visits include:

- American Sustainable Business Council
- Organisation for Economic Co-operation and Development (OECD)
- Patagonia
- Tesla
- Unilever

Guest Speakers

We also regularly welcome guest speakers into the classroom for both the on campus and online programs. Some recent speakers:

- Hunter Lovins, author and advocate for sustainable development
- Vincent Stanley, author and director of philosophy for Patagonia
- Patrick Struebi, social entrepreneur
- Andrew Winston, consultant, author, and TED speaker

To learn more about the M.S. in Management on campus, visit this website.

To learn more about the M.S. in Management online program, visit this website.

Requirements

The M.S. in Management is 30 credits, with 24 credits of required courses and 6 credits of electives. The M.S. in Management on-campus program can be completed in one year over two semesters. The M.S. in Management online program can be completed in one year or 15 months, with four terms being offered each year. A three-day on-campus residency (MMGB 7000) is also required for online students.

For on-campus students:

- MMGB 6411 Finance in Sustainable Org
- MMGB 6710 Purpose-Driven Marketing

For online students:

- MMGB 6009 Financial Fundamentals
- MMGB 6611 Marketing in the Digital Age

Two elective courses 1 6

Total Credits 30

1 To fulfill this requirement:

- MSM on campus students may choose free electives from graduate-level courses in the Gabelli School of Business to fulfill the free elective requirements. To see courses offered, please visit course listings. Students are responsible for completing any course prerequisites if necessary.
- MSM online students may choose electives from the below list.

Online MSM students should register for MMGB 7000, a zero-credit course, in the semester of their residency.

Electives for MSM Online Students

Courses in this group have the MOE attribute.
