ECONOMICS (M.A.)

Requirements
The Master's in Economics program requires 30 credits of coursework (10 classes) and the passing of a comprehensive exam. Full-time students usually complete the M.A. within a 12-month period. Classes are offered in the evenings at 5:30 p.m. and 7:30 p.m. at Fordham University Rose Hill campus. M.A. candidates must maintain a 3.0 [B] average in their coursework.

Prerequisites
An undergraduate degree in a field emphasizing economics and/or quantitative skills is expected, such as a degree in economics or international political economy, or a degree in math, finance, psychology, computer science, or business with a minor in economics. The following courses or equivalent should be taken prior to beginning the M.A. in Economics program:

- Intermediate-Level Macroeconomics and Microeconomics
- Math for Economists OR Calculus I and Linear Algebra
- Statistics I and Statistics II (Statistical Decision Making)

If these classes were not completed with a previous degree, then the required classes will be added to a student’s admission. These classes must be taken in the first semester or prior to beginning the program (e.g., during the summer or previous semester).

Total Credits: 30

1 ECON 5710 Mathematical Analysis in Economics must be taken in the first semester.
2 Any graduate-level economics course fills this requirement; a list can be found on our department page.

Updated: 08-11-2023
ECON 5760  Computational Macroeconomics/Finance  3
ECON 6480  Environmental and Resource Economics  3

* Economics M.A. and Ph.D. students cannot use a course marked with an asterisk (*) as an elective unless they obtain prior approval from the associate chair for graduate studies in economics.

**Comprehensive Examination**

The comprehensive exam in economics tests knowledge of microeconomics and macroeconomics and is taken after completion of ECON 6010 and ECON 6020. It is a three-hour written certification examination and is offered twice per year, in January and at the end of May/early June.
