

FINANCIAL ECONOMETRICS AND DATA ANALYSIS (ADV CERT)

The advanced certificate in financial econometrics and data analysis is offered as a partnership between the Department of Computer and Information Sciences and the Department of Economics. Students pursuing a master's degree in economics, or international political economy and development who are specializing in international banking and finance, or any degree granted by the computer and information sciences department are uniquely qualified to pursue this certificate. This advanced certificate program is open only to current Fordham graduate students pursuing a master's or doctoral degree.
