2 Depending on the student’s preparation, permission may be granted to take a more advanced quantitative methods course in place of Applied Econometrics.
3 Information about concentrations can be found below.
4 Free electives should be choose in consultation with an advisor.
5 Information on the Practical Training requirement is available on the Fordham website.
6 More information on the comprehensive examination can be found on our page on the Fordham website.

Core Courses
The two economics courses and the two political science courses must be chosen from two of the available fields, as listed above. It is recommended, but not required, that the student cover all three fields. Depending on the student’s preparation, the director may grant permission to take a more advanced level course instead of a particular core course. The student, however, should be aware that the comprehensive examination is based primarily on the material presented in the economic and political science core courses.
