

EARLY CHILDHOOD SPECIAL EDUCATION (M.S.E.)

30 credits

NYSED 25486/25489

The 30-credit master's degree program in early childhood special education prepares teachers who already have early childhood (birth–grade 2) or elementary (pre-K–6) certification, offering the knowledge and skills needed for teaching special education in programs for children from birth through grade 2.

This program places special emphasis on children with disabilities in preschool and the primary grades. The coursework and field experiences develop competencies in understanding, assessing, and instructing children with disabilities and lead to New York state certification as a teacher of Children with Disabilities in Early Childhood Education.

CIP Code

13.1015 - Education/Teaching of Individuals in Early Childhood Special Education Programs.

You can use the CIP code to learn more about career paths associated with this field of study and, for international students, possible post-graduation visa extensions. Learn more about CIP codes and other information resources.
