PSGE 7667	Internship in Counseling Psychology I	0
PSGE 7668	Internship in Counseling Psychology II	0
PSGE 7669	Internship in Counseling Psychology III	0
Total Credits		63

¹ This course must be taken in the student's first semester of study.

² After taking PSGE 8001 Research Apprenticeship, students take PSGE 8002 Research Apprenticeship II until they complete their apprenticeship by earning a grade of "S" (Satisfactory). A minimum of two consecutive semesters is required.

³ A minimum of 6 credits of PSGE 8999 must be completed as part of the degree. Students are required to register for PSGE 8999 each semester (fall and spring) while completing dissertation work, through the semester of their oral defense. Students are assessed three credits of tuition charges for each semester of enrollment in the Dissertation Seminar.

⁴ A one-year, full time APPIC internship must be completed. The internship occurs following completion of all coursework and comprehensive exams. Students must have an approved dissertation proposal prior to applying for their internship. Prior approval must be obtained from the program faculty before internship. Completing an APA-accredited internship is strongly encouraged.

Completion Requirements

Students are admitted into the doctoral program on a provisional basis, and their progress is monitored through the matriculation review process and periodic review by their mentor, adviser, program coordinator, chairperson, and division faculty in dissertation seminar. Students apply for permanent matriculation during the semester after they complete 12 to 15 credits.

Students are held to the Graduate School of Education's school-wide policies and procedures.

Acceptance into the program carries with it the responsibility to uphold the published ethical standards of the American Psychological Association. Violation of ethical standards may result in termination from the program. The program reserves the right to review the progress of

students and to terminate students from the program on the basis of inability to meet academic, personal, or professional standards.

To complete a Ph.D. in counseling psychology, students must meet the following requirements:

- complete the prescribed program of study. Additional courses (such as master's-level prerequisite courses—see information in the section below) may be required;
- maintain a minimum overall graduate grade point average of 3.5 (B+ or better);
- complete a one-year doctoral research apprenticeship project (minimum of two consecutive semesters, PSGE 8001 Research Apprenticeship and PSGE 8002 Research Apprenticeship II) under the supervision of a member of the faculty;
- complete an end-of-program comprehensive assessment;
- complete PSGE 8999 Dissertation Seminar in Psychological and Educational Services, including the preparation of an original dissertation under the direction of a mentor and committee of faculty;
- develop and defend in an oral examination an original dissertation in the area of counseling psychology;
- complete a predoctoral internship; and
- complete all the requirements for the degree within eight years of initial registration in the program.

Master's-Level Prerequisites

Students entering with a master's degree will undergo a transcript review to ascertain if there are any additional courses that may be required. Based on an analysis of their prior graduate coursework, prerequisite courses may be required. Students entering with a B.A./B.S. must complete their M.S.E. in mental health counseling en route to the Ph.D. in counseling psychology.

Students entering with a B.A./B.S. must complete prerequisite courses in:

Course	Title	Credits
