ADOLESCENCE BIOLOGY (M.S.T.)

30 credits
NYSED 25525/25534

This clinically-rich master’s degree program in adolescence biology prepares candidates to teach biology as a content-area subject in grades 7 through 12. Graduates of the program qualify and are endorsed for New York state certification in Biology 7–12.

Admissions

In addition to the general requirements for study in the Graduate School of Education and for initial teacher certification programs, candidates for the adolescence biology program must have an earned degree in biology (or a related field, for example, biological sciences), with a minimum of 30 credits in biology coursework. This content must include study in the following areas: anatomy, physiology, ecology, behavior, evolution, genetics, cell biology, microbiology, diversity, growth, and human biology.

Otherwise qualified candidates who lack coursework in a specified area may be admitted conditionally but must make up the content deficit prior to completion of the program. Attendance at an Adolescence M.S.T. information session is recommended.

Applicants for any of the initial teacher education (ITE) programs must meet the general requirements for admission to the Graduate School of Education as well as their specific degree or certificate program and the following ITE requirements:

• baccalaureate degree from an accredited college or university with a major or concentration in one of the liberal arts or sciences
• a minimum undergraduate grade point average of approximately 3.0 (B or better)
• MAT or GRE scores (no more than five years old)
• two reference reports: academic and professional
• satisfactory command of oral and written English as evidenced through an admissions essay or interview
• Candidates for whom English is a second language are required to take and achieve a passing score in one of two tests: the TOEFL (Test of English as a Foreign Language) or the IELT (International English Language Test). The following scores are the recommended minimum current¹ test scores for English language proficiency for admission to the Graduate School of Education:
  IELTS:¹ 7 for General Test Score, no subtest can be lower than 6
  TOEFL:¹ 577 for paper test, 90 for Internet-based (IBT) test

¹ Scores can be no more than two years old. See program descriptions for additional program-specific requirements.

Matriculation Requirements

Once admitted, teacher candidates must meet these requirements for matriculation:

• proof of immunization against measles, meningitis, mumps, and rubella, to be submitted to Fordham University Office of Student Health Services
• proof of baccalaureate degree in cases where student is admitted to the Graduate School of Education during the undergraduate senior year, to be submitted to the Graduate School of Education, admissions office
• proof of registration for the first semester of coursework, under advisement of the appropriate ITE program coordinator
