EARLY CHILDHOOD SPECIAL EDUCATION (M.S.T.)

45 credits
NYSED 25485/25488

The master's degree program in early childhood/early childhood special education is an integrated, dual-certificate program that leads to endorsement for New York State teacher certification as an early childhood teacher and as a teacher of children with disabilities in early childhood education (birth–grade 2) and two master's degrees. Student teaching experience is required in regular and special education settings over two semesters.

This program is approved by the Council for Exceptional Children (CEC) and NAEYC (National Association for Education of Young Children).
