TEACHING GENERAL AND EXCEPTIONAL ADOLESCENTS (M.S.T.)

Overview

42 credits
NYSED 34668/34675

This clinically-rich master’s degree program in adolescence and special education is an integrated, dual-certification program leading to New York state certification for Students with Disabilities, Generalist 7-12, and one of the following:

- Students with Disabilities Biology 7-12
- Students with Disabilities Chemistry 7-12
- Students with Disabilities Earth Science 7-12
- Students with Disabilities Physics 7-12
- Students with Disabilities English Language Arts 7-12
- Students with Disabilities Mathematics 7-12
- Students with Disabilities Social Studies 7-12

The principles of equity, access, and rigor frame the coursework, and field experiences are designed to develop competencies in both general and special education in a specific subject area.

CIP Code

13.1019 - Education/Teaching of Individuals in Secondary Special Education Programs.

You can use the CIP code to learn more about career paths associated with this field of study and, for international students, possible post-graduation visa extensions. Learn more about CIP codes and other information resources.

Admissions

In addition to the general application requirements, applicants for this dual-certification program must complete these content-core requirements:

Biology

Have an earned degree in biology (or a related field, for example, biological sciences) with a minimum of 30 credits in biology coursework. This content must include study in the following areas: anatomy, physiology, ecology, behavior, evolution, genetics, cell biology, microbiology, diversity, growth, and human biology.

Chemistry

Have an earned degree in chemistry (or a related field, for example, applied chemical science) with a minimum of 30 credits in chemistry coursework.

Earth Science

Have an earned degree in earth science (or a related field, for example, applied chemical science) with a minimum of 30 credits in earth science coursework.

Physics

Have an earned degree in physics or related area (for example, physical science) with a minimum of 30 credits in physics coursework and 16 credits distributed among biology, earth science, and chemistry. Included in the 30 credits must be coursework in the following areas: principles of physics, including concepts in mechanics, electricity, magnetism, thermodynamics, waves, optics, atomic and nuclear physics, radioactivity, relativity, and quantum mechanics.

English

Have an earned degree in English or its equivalent with a minimum of 30 credits in English language arts coursework. This content must include study in the following areas: American literature, British literature, multicultural literature, written composition, literary criticism, women writers, and media studies.

Mathematics

Have an undergraduate major in mathematics or its equivalent with a minimum of 30 credits in specific mathematics content areas.

Social Studies

Have an earned degree in history or its equivalent with a minimum of 30 credits in social studies coursework. This content must include coursework related to: anthropology or cultural studies, political science, government or civics, economics, sociology, geography, psychology, global connections, and the impact of science and technology on society. In all, at least 21 credits must be in the study of history and geography.

CTGE 5276  Clinical Seminar in Adolescence Science Education

One of the following (depending on student's chosen subject area concentration):

- CTGE 5838  Integrated Instruction in Adolescent English Language Arts
- CTGE 5286  Teaching and Assessing Mathematics in Adolescent Classrooms
- CTGE 5261  Teaching and Assessing Social Studies: Adolescents
- CTGE 5272  Teaching and Assessing Science in Adolescent Classrooms (7-12)

**Special Education Courses**

- CTGE 5165  Consultation and Co-Teaching in Collaborative Classrooms
- CTGE 5277  Clinical Seminar in Behavioral Environments for Adolescent Exceptional Learners
- CTGE 5175  Teaching English Language Arts and Social Studies in Inclusive Adolescence Classrooms
- CTGE 5170  Assessment of All Learners with Disabilities
- CTGE 5200  Field Experience Seminar: Issues in Reflective Practice (taken twice)

**Portfolio**

- CTGE 0709  Adolescence Education Portfolio

**Total Credits**
