B.A. IN SOCIAL WORK

The Bachelor of Arts in Social Work (B.A.S.W.) major at Fordham University will prepare you to make a meaningful difference in people’s lives as a generalist social work practitioner. Mirroring the strength of our nationally ranked M.S.W. program, our B.A.S.W. degree features a variety of learning experiences: dynamic classes, hands-on fieldwork education, and guidance and support from a faculty adviser. Our diverse community of compassionate students and faculty round out the stimulating educational environment of the Graduate School of Social Service. With our B.A.S.W. degree, you’ll graduate with the skills and knowledge you’ll need to promote human rights, social justice, and individual and community well-being.

Offered at our campuses in Manhattan and Westchester, the B.A.S.W. degree is equivalent to the Bachelor’s in Social Work (B.S.W.) and is accredited by the Council on Social Work Education (CSWE).

Requirements
Students are expected to complete the 31 credits of the major within a two-year period, either on a full- or part-time basis. The major consists of eight required courses of three credits each, and a 450-hour, yearlong field practicum and integrative seminar of seven credits beginning in September.

Following admission, students complete the social work program in two years. Depending on their full-time or part-time status, students may take courses in addition to social work courses.

Availability
The major in social work is available at Fordham College at Rose Hill, Fordham College at Lincoln Center, and Fordham’s School of Professional and Continuing Studies at Rose Hill, Lincoln Center, and Westchester. Social work major courses are offered at the Lincoln Center campus (for all students) and at the Westchester campus (for School of Professional and Continuing Studies students only).

Fieldwork
Field instruction is a critical part of the Bachelor of Arts in Social Work (BASW) program. All students in the second year of this major must complete a year-long Fieldwork Practicum and a seminar that integrates the knowledge learned in the classroom with your experiences in the field.

The 450-hour field instruction course consists of:

- Practicum in Generalist Social Work Practice in an agency setting: 420 hours.
- Integrative Seminar

Fieldwork Options
For the practicum, you’ll work at a social service agency in close cooperation with an experienced supervisor. During your internship, you’ll work with individual clients while being exposed to larger agency and systems practices and issues.

You have the choice of fulfilling your 420 on-site hours in one of three ways:

- Field education (21 hours): You’ll work 21 hours, over three days per week. Placement begins in September and ends in early May.
- Field education (14 hours): You’ll work 14 hours, over two days per week. Placement begins in September and ends in July.
- Employment-based field placements: Some students are able to meet their field education requirement through the social service agency where they are employed in a social work capacity.

Students are expected to be available for field during the agency’s regular working hours. This requirement provides the student the opportunity to participate in such learning experiences as staff meetings and professional consultations. Students who work are asked to plan early in their educational programs to prepare for field. Students are encouraged to discuss their educational goals with their employers and request accommodations in their work schedules to be available for field.
