

MASTER OF SOCIAL WORK (M.S.W.)

Special Offerings

Advanced Standing Program

This plan of study is open only to transfer students and Bachelor of Social Work graduates who have achieved a competent level of academic performance and a successful fieldwork experience within five years of applying to the M.S.W. program at Fordham. The undergraduate or graduate social work program that the applicant attended must be accredited by the Council on Social Work Education (CSWE). If the applicant's program does not have CSWE accreditation, you are not eligible for the Advanced Standing Plan of study. Students in this plan have generally completed the first year of an M.S.W. program. For Bachelor of Social Work graduates, your undergraduate coursework is the equivalent of the first year of the M.S.W. program at Fordham's Graduate School of Social Service. The 33 credits of the student's B.S.W. program are transferred into the M.S.W. program at Fordham. Under this plan, you earn the remaining 33 credits for the degree in the advanced/specialist phase of your program, divided into 24 classroom credits and nine fieldwork credits. You can complete this plan of study in one academic year, or you may extend it over two years.

Study Abroad

GSS London Summer Study

GSS is very pleased to offer our M.S.W. students the opportunity to take courses taught by GSS faculty at Fordham University's London Centre. The London Summer Program highlights the rich history of the settlement house movement in London and New York City, and its role in the formation of the social work profession and social welfare. Faculty will facilitate structured opportunities for students to integrate their community-based and classroom experiences and learning, and enhance the international comparative nature of their study abroad.
