

CONSTRUCTION MANAGEMENT (ADV CERT)

Admissions

Prerequisites

Familiarity with construction methods, materials, and drawings is recommended to complete the course work. For those students who do not have this prerequisite, it is advised that they complete REAL 6051 Advanced Construction Methods and Materials.

Application Submission

The application committee takes a holistic view of the candidates and will evaluate each student's academic performance and professional expertise in deciding their eligibility for the advanced certificate programs. The committee will also consider the nature and extent of previous work with preference given to those possessing extensive professional experience.

Requirements for Application:

- Bachelor's degree transcript from an accredited university
- Personal statement
- Resume

Optional additional materials to submit include: M.B.A. or other graduate degree transcript; GMAT, GRE or other standardized test score; professional construction, property or facility management certifications.

The GMAT/GRE is not required for advanced certificate applicants and will be waived for those who would like to matriculate into the full M.S.C.M. program and have successfully completed six credits with a minimum grade of B in each course.

Who Should Apply

Ideal candidates include:

- Project managers, superintendents, building trades and other project personnel who want to go to the next level in their career
- Architecture and engineering professionals who want to further their professional skills in managing construction projects.
- Real estate professionals including developers, lenders, property managers, asset managers, facilities managers, and corporate real estate executives who want to better understand the construction process.
- Current or former M.S. in Real Estate and Advanced Certificate in Real Estate Development students who wish to add a specialized designation in Construction Management.

More information about PCS admissions can be found on the Fordham website.
