

SCHOOL OF PROFESSIONAL AND CONTINUING STUDIES (GRADUATE PROGRAMS)

We offer a wide variety of rigorous academic programs geared toward the interests and needs of the progressive learner with specific career aspirations.

The special programs offered by the Fordham School of Professional and Continuing Studies are designed to help individuals move to the next level in their careers, whether through a degree-granting program or certificates. Courses include qualifying exam preparation as well as of-the-moment instruction on new technologies and contemporary practices. Industry-relevant classes, conveniently scheduled online, during weeknights, and on weekends, make taking the next steps to advancement easy.
