

TUITION AND REFUNDS

The refund of tuition and fee payments, or the cancellation of charges incurred for tuition, fees, or housing are based on schedules issued by Enrollment Services and published on the PCS Admission and Financial Aid website and/or the site of the graduate program or Enrollment Services.

The fee schedule is based on University policy and is not within the purview of any department or program, or of the dean's office. Amounts refunded or canceled are based on the date of withdrawal from courses. If students have evidence that withdrawal from a course occurred on a date different from that indicated in official University records, the student may contest the official charges by writing to the dean's office with supporting documentation.
