## Policies

### Study Abroad

All majors are strongly encouraged to study abroad. A maximum of four courses taken abroad for one semester and a maximum of five courses taken abroad for one year may apply toward the major.

Students who opt to apply study abroad credits toward their major must have these courses approved by their faculty adviser prior to going abroad.

### Double-Counting

Upon approval from their major advisers, students may double count two courses towards the major in Chinese studies and another major or minor.

### AP/IB Credit

All courses counting towards the core language requirement and the major or the minor in a modern foreign language, literature and culture must be taken for credit and a letter grade. When AP or IB credits are awarded as equivalent to the 1502 level in a language, these credits will be applied toward the core language requirement and, as elective credits, toward graduation, but they will not be applied toward the major or the minor in that language.
