

NAVAL ROTC/NAVAL SCIENCE

Naval Science classes and drills are held at SUNY Maritime College, located in historic Fort Schuyler on the Throggs Neck peninsula, and on Fordham's Rose Hill Campus in the Bronx.

To receive a commission, a Midshipman must complete all requirements for a bachelor's degree in accordance with Fordham University's rules and regulations and complete additional courses required by either the Navy or Marine Corps, depending on which branch of service the Midshipman will commission into.

Additionally, Midshipmen must meet all medical/physical requirements prescribed by the Navy or Marine Corps prior to commissioning.

Those interested in obtaining more information about the Navy/Marine Corps ROTC Scholarship and College Programs should refer to the pertinent paragraphs in the Grants and Scholarships section under the Financial Services chapter of this Bulletin.
