For more Army ROTC information, please refer to the appropriate chapter of this bulletin.

Naval Science
Fordham University is linked by a formal written agreement with SUNY Maritime College and Maritime's NROTC unit. This permits Fordham students to enroll in the NROTC program at Maritime and be commissioned as officers in the Navy or Marine Corps on receiving their bachelors’ degrees.

To receive a commission, a midshipman must complete all requirements for a bachelor’s degree in accordance with Fordham University rules and regulations. He or she also must complete certain courses specified by the Navy. The Navy is interested in producing top-quality officers, so midshipmen are expected to maintain above-average grades. NROTC midshipmen lead basically the same campus life as other Fordham undergraduates.

Those interested in obtaining more information about the four-year and two-year Navy ROTC scholarship and college programs should visit the Navy ROTC website or write to:

Professor of Naval Science
NROTC Unit
SUNY Maritime College
Fort Schuyler
Bronx, NY 10465-4198
NROTC@sunymaritime.edu (nrotc@sunymaritime.edu)

For more Navy ROTC information, please refer to the appropriate chapter of this bulletin.

Aerospace Studies
Fordham University is linked by formal written agreement with Manhattan College’s AFROTC unit. This permits Fordham students to enroll in the AFROTC program at Manhattan College and be commissioned as Second Lieutenants in the United States Air Force upon receiving their bachelor’s degrees.

To receive a commission, a cadet must complete all requirements for a bachelor’s degree in accordance with Fordham University rules and regulations. He or she must also complete certain courses specified by the Air Force. The Air Force is interested in producing top quality officers, so Cadets are expected to maintain above-average grades. Scholarship cadets must meet additional grade point requirements. Additionally, Cadets must earn at least a passing score on the Air Force Officer Qualifying Test; pass physical fitness tests each semester; pass a physical exam; and successfully compete for and complete field training.

Those interested in obtaining more information about the four-year and two-year Air Force ROTC Scholarship and College Programs should contact the Unit Admissions Officer. Please call 718-862-7201, visit the AFROTC detachment website, or write to:

AFROTC Detachment 560
Manhattan College
Leo Engineering Building, Room 246
3825 Corlear Avenue
Riverdale, NY 10463
